Life Lease Agreement

This unique concept in continuing care allows you live as independently as possible within a communal environment.

When you lease a suite at Laurier House, your suite becomes your home for life.

A lump sum is paid upon admission for the lease. A monthly fee covers building upkeep, housekeeping, facility laundry, utilities, meals and snacks.

When you no longer require the suite, the initial payment is returned to you – minus a small percentage* – and CapitalCare is responsible for finding another tenant.

*one to eight per cent (subject to change), depending on the number of years lived in the suite
