

## **Research at CapitalCare: Dementia and Dementia Care**

Walking behaviour of nursing home residents

Algase, Donna; Beattie, Elizabeth ; Milke, Doris; Duffield, Christine

Attributes, perceptions, and behaviours of staff caring for older adults with dementia in special care units and a residential care setting

Andiel, Corinna

Examining a transition in caregiving: Placing a family member with Alzheimer's Disease in a long term care facility

Bazin, Moira

Walking as a symptom management technique for residents with Alzheimer Disease (master's thesis)

Bonner, Allison; O'Brien Cousins, Sandra

Establishing the pain profile of non-verbal long-term care residents with dementia: Analysis of archived Resident Assessment Instrument (RAI) 2.0 data from a CapitalCare facility in Edmonton, Alberta

Brown, Cary A.

Clinical risk factors for falls in patients with Alzheimer's Disease

Camicioli, Richard

Using environmental modifications to facilitate swallowing and eating in long-term care residents with dementia

Cleary, Stuart; VanSoest, Deanna; Milke, Doris; Greening, Stacy

Effect of cognitively appropriate videos on quality of life in residents with Alzheimer Disease

Dobbs, Bonnie; Heller, Bob; Strain, Laurel

Examining the role of context in Alzheimer care centres: A pilot study

Estabrooks, Carole; Sales, Anne

Assessing the use of cognitively appropriate videos for individuals with dementia: A pilot study

Heller, Bob; Dobbs, Bonnie; Strain, Laurel

Maximizing the function of individuals with Alzheimer Disease through cognitive stimulation

Hopper, Tammy

Staff perspectives on family style dining in an Alzheimer special care unit

Hopper, Tammy; Cleary, Stuart

The effect of cognitive status on function and health-related quality of life in patients with hip fractures

Jones, Allyson; Feeny, David

Use of hip protector pads to prevent hip fracture in mobile, demented elderly

Juby, Angela; Dian, L.

Memory for words

Kwong See, Sheree; Waldie, Barbara

Comparing nursing staff caregivers' perceptions of the importance of medication use for behavioural symptoms in people with dementia among three health care organizations in Alberta

Maisey, Suzanne; Kwansy, Penny; McCormic, Slade

Telelearning for long term care staff: An innovative approach for the treatment of clients with Alzheimer Disease

McCracken, Peter N.; Henderson, Isabel; Smitten, Jayne; Quach, Judy; Wilson, Carol; Tweddle, Gwenne; Mitchell, Nataalka

A retrospective analysis of residents discharged from McConnell Place North

Milke, Doris

Post-Occupancy Evaluation (POE) at McConnell Place North

Milke, Doris

A five-site comparison of care settings built on the Woodside Place Model

Milke, Doris; Beck, Charles; Ledewitz, Stefani

A prospective analysis of residents discharged from McConnell Place North

Phillips, Dorothy; Milke, Doris; Mitchell, Nat

Safety at home for people with dementia

Poulin de Courval, Louise; Dastoor, Dolly; Gelinis, Isabelle; Gauthier, Serge; Rossignol, Michel; Sampalis, John; Liu, Lili; Quach, Judy

Caregiver beliefs about aging and disease: Effects on independence of institutionalized persons with Alzheimer Disease (Phase I)

Rust, Tiana; Kwong See, Sheree

Caregiver beliefs about aging and disease: Residents' and caregivers' mealtime preparation at residential Alzheimer care centres (Phase II)

Rust, Tiana; Kwong See, Sheree

The effects of relocation stress on the food and fluid intakes of continuing care residents with dementia

Van Soest, Deanna; Cleary, Stuart; Milke, Doris; Wark, Connie; Schalm, Corinne; Maisey, Suzanne

Innovative dementia care: McConnell Place North Evaluation

Warren, Sharon; Janzen, Wonita; McKim, Robert; Tiedemann, Colleen
