

Research at CapitalCare: Care Issues

Walking behaviour of nursing home residents

Algase, Donna; Beattie, Elizabeth; Milke, Doris; Duffield, Christine

Development of outcome measures for adults in wheelchair seating

Barlow, Ingrid

Recovery after hip fracture in geriatric ambulatory patients living in nursing homes
(REGAIN study)

Beaupre, Lauren; Majumdar, Sumit; Jones, Allyson; Johnston, DWC; Wilson,
Donna

The spiritual dimension of seniors with chronic conditions living in continuing care
facilities

Beishuizen, Michelle

Walking as a symptom management technique for residents with Alzheimer Disease

Bonner, Allison; O'Brien Cousins, Sandra

Regional Palliative Care Program Bereavement Risk Identification Tool trial

Brenneis, Carleen

Establishing the pain profile of non-verbal long-term care residents with dementia:
Analysis of archived Resident Assessment Instrument (RAI) 2.0 data from a
CapitalCare facility in Edmonton, Alberta

Brown, Cary A.

A phase III double-blind equivalence study of two different formulations of slow-release Morphine followed by a randomization between Dextromethorphan or placebo plus Statex SR for chronic cancer pain

Bruera, Eduardo

Randomized controlled trial of polyunsaturated fatty acids (PUFA)

Bruera, Eduardo; Vigano, Antonio; Hawkrigde, Ann

A 2-staged prospective, randomized trial of an anticoagulation management service versus "usual" care

Bungard, Tammy

CHA regional skin care product evaluation

CHA Regional Skin Care Product Sub-Committee

Role of environmental design on reducing medication and nursing errors in long-term care

Chaudhury, Habib; Mahmood, Atiya

Dressing subcutaneous sites: What is best practice?

DeMoissac, Donna; Macmillan, Karen; Podilsky, Larissa

A comparison of bathing methods in continuing care

Dunn, Joshua

Examining the role of context in Alzheimer care centres: A pilot study

Estabrooks, Carole; Sales, Anne

Hydration management at the end of life

Fainsinger, Robin

The Alternative Level of Palliative and End-of-Life Care Audit Instrument (ALPACA)
pilot project

Fassbender, Konrad; Brenneis, Carleen; Fainsinger, Robin; MacMillan, Karen;
Bonville, Nicole

Staff perspectives on family style dining in an Alzheimer special care unit

Hopper, Tammy; Cleary, Stuart

Knowledge and practice patterns related to swallowing and eating in long-term care

Hopper, Tammy; Cleary, Stuart; Milke, Doris; Liu, Lili; Wark, Connie; VanSoest,
Deanna; Francis, Angela

The effect of preoperative exercise on recovering time and functional outcome of a
total knee arthroplasty

Johnston, D. W. C.

Effectiveness of a hip fracture caremap

Johnston, D.; Cinats, J.; Beaupre, Lauren

The effect of cognitive status on function and health-related quality of life in patients
with hip fractures

Jones, Allyson; Feeny, David

Study of the prevalence of the diagnosis and treatment of osteoporosis in seniors
after hip fracture

Juby, Angela

The effects of the built and social environment of the designated assisted living model of care on maintaining family relationships

Jurczak, Susan

Predictors of the health, family functioning, and care satisfaction of family members of advanced cancer patients

Koop, Priscilla

Knowledge, service access and needs of individuals living with and affected by Parkinson's Disease, Edmonton area and northern Alberta

Kovacs-Burns, Katharina

Being a dependant adult (ward): A hermeneutic phenomenological study

Kroch, Uri

How can CapitalCare balance residents' needs for a homelike environment with caregivers' needs for efficient ways to deliver care?

Liu, Lili; Milke, Doris; Maisey, Suzanne; Mayan, Maria

Helicobacter study in long term care residents

Lord, Chris; Phillips, Dorothy

ACCES (Alberta Continuing Care Epidemiological Studies)

Maxwell, Colleen; Strain, Laurel

Developing a more effective communication screening tool for long term care residents: Using dynamic assessment to determine who will benefit from speech-language services

Millar, Cheryl; Poon, Rita; Williams, Sharon

An evaluation of bladder irrigations with cortisol or saline vs. catheter changes alone in patients with long term indwelling catheters

Moore, Katherine N.; Falder, Mandy; Gray, Mikel; Getliffe, Kathy; Hunter, Kathleen; McGinnis, Rosemary; Puttagunta, Lakshmi; Voaklander, Don

Prevalance of osteoporosis therapy in chronic care institutions

Morrish, Donald W.

Fit for your life research

O'Brien Cousins, Sandra

Phase II feasibility study to identify the effects of Reiki in the management of pain in cancer patients

Olson, Karin; Hanson, John

Development of a Rapid Assessment Tool for fatigue in advanced cancer

Olson, Karin; Hanson, John; Thirlwell, Sarah

Regional palliative care program: A study of alternative medication and / or therapies in cancer patients

Oneschuk, Doreen

Transfer and uptake of knowledge by rehabilitation professionals

Pain, Kerrie; Magill-Evans, Joyce; Warren, Sharon; Hagler, Paul; Darrah, Joanna

An analysis of the MRSA outbreak at MVC

Phillips, Dorothy

Clinical outcome measurement: Closed urinary leg bag system / BARD catheter

Phillips, Dorothy

Evaluation of standards for management of diabetes: Pilot project

Phillips, Dorothy

Evaluation of the pain management program: Pilot project

Phillips, Dorothy

Treatment of urinary tract infections

Phillips, Dorothy

Treatment of urinary tract infections: A retrospective analysis

Phillips, Dorothy

Efficacy of COLD-FX in the prevention of upper respiratory tract infections in healthy adult employees in continuing care facilities

Predy, Gerry

Validity and clinical use of the Modified Ordinal Scale of Psychological Development (M-OSPD) (master's thesis)

Quach, Judy

The Good Samaritan Society Assisted Living pilot project evaluation

Ross Kerr, Janet

Test-retest reliability of the Palliative Care Rehabilitation Survey

Schleinich, Mary Ann; Kaasa, Terry

Vocal disruption: A partial replication of a study done by Cohen-Mansfield and Werner (honour's thesis)

Sproule, Julia; Beck, Charles; Milke, Doris

Exercise mobility device

Stein, Richard; Cheng, Jianguo; Ming Chan, K.

Mortality, morbidity, and institutionalization after hip fracture (outcome of hip fracture)

Suarez-Almazor, Maria

A double-blind, placebo-controlled, parallel group, randomized study evaluating the effect of Regranex (Becalplermine) gel versus placebo gel in the treatment of full-thickness pressure ulcers

Tredget, E.; Moysa, G.; Lobay, G.; Louie, G.; Shankowsky, H.

Evaluation of evidence-based cardiac medications in the institutionalized elderly

Tsuyuki, Ross; Lau, Elaine; McAlister, Finlay; Morrissey, John; Leung, Sandra

Review of education on ACE inhibitors in congestive heart failure treatment (REACT)

Tsuyuki, Ross; Manyari, Dante; O'Reilly, Ken

Assessing the patient's experience of hope in palliative care: Validation study of the Hope Differential Instrument (HDI)

Vigano, Antonio

Chronic pain in persons with Multiple Sclerosis (MS) residing in continuing care centres (CCCs) of The Capital Care Group (TCCG)

Warren, Sharon; Turpin, Karen; Milke, Doris

Environmental change and depression in long-term care residents: A study using the Minimum Data Set

Watanabe, Haru; Liu, Lili; Maisey, Suzanne

A multi-centre validation study of two numerical rating scale versions of the Edmonton Symptom Assessment System (ESAS) in palliative care patients

Watanabe, Sharon; Nekolaichuk, Cheryl

The Alberta Language Function Assessment Battery

Westbury, Chris

Identification of the characteristics of long term care residents' functional abilities, assistive technology (AT) use and activity participation: Analysis of the Resident Assessment Instrument (RAI) 2.0 data

Wielandt, Patricia
